**OBJECTS OF THE SOCIETY**

- (a) To prevent the destruction and harmful commercial exploitation of species of wild animals and plants, and wherever desirable and possible, to preserve wildlife intact in natural conditions in Sri Lanka.
- (b) To assist in protecting nature in all its forms, such as landscape, soil, water, flora, fauna, marine habitats and to conserve it for future generations.
- (c) To co-operate actively with other persons and organisations in Sri Lanka and in other countries in the interests of nature conservation and to give support for study and research concerning wildlife.
- (d) To negotiate and co-operate with the state and public bodies in the interests of wildlife and nature conservation, especially to establish and support national reserves and sanctuaries, and assist in their administration.
- (e) To establish, administer and hold private wildlife sanctuaries and nature reserves.
- (f) To publicise the importance of wildlife and nature conservation in this country.
- (g) To do all other things which seem to be incidental or conducive to the attainment of the above aims.
